ABOUT OUR EXPERIENCE

Over 750 dads come for one exclusive night to bond with their daughters.

The Him & Me Experience is a proven, multi-generational father–daughter experience rooted in presence, connection, and emotional wellness. For more than 13 years, it has created meaningful moments for families across Northeast Ohio — honoring the role of shared experiences in a girl’s sense of safety, confidence, and belonging.

EVENT GOALS

01

Ensure access with dignity

so every father–daughter pair can participate regardless of financial circumstance.

02

Strengthen father–daughter connection

through age-appropriate, meaningful experiences for both children and teens/adults.

03

Deliver a high-quality, sustainable event

supported by community partners and earned revenue — not grant dependency.

FOUNDATION**

Not every family can afford every experience.

For many families, cost can quietly determine who gets to participate and who gets left out.

At Him & Me, we believe meaningful experiences should never be out of reach for a girl because of financial circumstance.

Access matters because:

- Girls deserve to feel included without stigma
- Fathers deserve opportunities to show up meaningfully & community experiences are strongest when everyone can participate

Our goal is simple: no empty seats, and no families excluded.
